## MULLAH REAL MAD,

And French Dispatches Tell of Heavy Fatalities in British Ranks.

London Denies Story, But Already Great Britain Has Spent Two Millions in Attempt to Subdue the Wily Mullah--- Lines in Danger.

Paris, June 27.—A despatch from French Abyssinia, says the Mad Mullah has destroyed five British posts between Burao and Bobote, in Somaliland.

Thirty-nine British officers, out of two hundred white men, were killed in the engagements. Two thousand native soldiers were made prisoners.

A despatch from Aden, ten days ago stated that the British lines of communication between Berbera and Bobote were then threatened by the rebellious Mullah, and his forces. Reinforcements comprising three companies of the Hampshire regiment and 300 native soldiers were ordered to proceed from Aden to Somaliland, June 20. About 14,000 native Abyssinians have been cooperating with the British forces in their efforts to check the Mullah.

The campaign of Brig. Gen. W. H. Murray, who was sent to Somaliland last November after the reverses suffered by Col. Swaine, having proved unsuccessful, he was ordered superintend June 21st, by Maj. Gen. C. C. Eason, in command of the Punjab frontier. It was reported from Aden, June 23rd, that General Manning and Colonel Cobbe, who it was feared had been off near Burao, had succeeded in getting their forces and had reached Bobote in safety.

Operations against the Mullah at Aden have cost the British more than \$2,000,000, and considerable loss of life.

## NO. THIRTEEN WAS DITCHED.

Engineer and Fireman Killed, and Four Others Injured. Cow Caused It.

Roanoke, Va., June 27.—The Norfolk and Western passenger train No. 13, west bound which left here at 5 o'clock yesterday afternoon, was wrecked one quarter of a mile east of Marion at 10 o'clock last night. Engineer Lee Spalding, of Roanoke, and Fireman J. H. Hoover, of Staunton, were instantly killed, and express messengers Orey and Wood, of Bristol, seriously and mail clerks Adams and Jenkins, of Lynchburg, slightly injured. The train was going at a rapid rate when the engine struck a cow. The heavy trucks of the engine were derailed and ran a distance of nine hundred feet on the cross ties before the latter trucks were derailed and the engine with the tender, mail car,

express car and baggage car went over an embankment. The engineer and fireman were caught under the engine. None of the passenger coaches left the rails and except the six persons named, no one was hurt. A relief train conveyed the injured men to Bristol. It is supposed that engineer Spalding did not realize that his small trucks were derailed as there was ample time to have stopped the train after that occurrence before it left the tracks.

Trainmen Killed. Des Moines, Iowa, June 27.—Two trainmen were killed and five injured in a head-on collision between a freight and an accommodation train on the Chicago, Milwaukee and St. Paul early today. No passengers were injured.

### MACHINIST

In Pennsylvania Shops—Two Companions Working With Him Were Badly Injured.

Harrisburg, Pa., June 27.—Mahlon Heller of Reading, Pa., a machinist, was instantly killed and Leonard Caum an apprentice and John Kell, a machinist, were injured today by the bursting of an emory wheel in the machine shop at the Pennsylvania railroad round house. Heller's head was almost completely severed from his body by a large fragment from the wheel, which struck him squarely in the face. Caum was injured about the head and Kell's left leg was lacerated.

### SALOONS

Closed in Wilmington and Quiet Reigns.

Excitement Over Lynching That Followed Burning Has Almost Disappeared.

Wilmington, June 27.—This city today is in its normal condition, the excitement over the lynching of George White, and the events following the burning, having entirely disappeared. The closing of the saloons last night, had a good effect. There were no drunken brawls during the night, and the police were not called upon to quell any disturbances. By order of the police commissioners, all saloons will again close their doors for the night at 6 p. m. today. The liquor dealers have heartily acquiesced in the closing movement, and they are being commended generally by the citizens for sacrificing business for the peace and order of the city. The precautionary plans adopted by the police a few days ago, will be kept in force until all danger of further lawlessness is past. There was an apprehension that Saturday night, would see more disorder, but the closing of the saloons, it is thought, will have the effect of keeping disorder at a minimum. A detail of eighteen men of the first regiment national guard is on duty in the armory today, protecting the arms and ammunition in the building. They will be relieved by another detail tonight.

### RUMOR

That Carnegie Would Erect Ostentatious Pile

In Memory of Bard of Avon Is Branded Untrue by Lee.

London, June 27.—Sidney Lee, the author, in behalf of the trustees of Shakespeare's birthplace, has written a lengthy letter which will appear in the newspapers Monday, explaining their action in accepting Andrew Carnegie's offer of a library for Stratford-on-Avon. He declares the accusations that the trustees are destroying the historic street where Shakespeare was born are untrue, adding:

"Through the generous aid of Mr. Carnegie they are doing precisely the opposite. They are permanently preserving all the structural work which has been proved on accurate examination to possess any kind of archaeological interest. Modernizing has of past years progressed very far and of late but for Mr. Carnegie's interceding threatened conspicuous advance."

The rumors that Mr. Carnegie proposed to erect an "Ostentatious building of palatial splendor" is not true. Mr. Carnegie has left everything in the hands of the Stratford corporation and has expressed the wish that his name be not bestowed on the building.

Mr. Lee quotes a letter showing that Marie Corelli, who is the chief critic of the trustees and Mr. Carnegie, had herself negotiated for the property for the purpose of erecting a library. The negotiations failed owing to the price being higher than Mr. Carnegie was willing to pay.

### BODY

Of Boy in Vat of Boiling Water.

It Was Unconsciously—Mystery Surrounds the Case and Police Will Investigate.

Cleveland, O., June 27.—The body of a boy about 16 years old, was found in a vat of boiling water, at the Lake Erie Iron Co.'s Nut and Bolt works, at the foot of east Madison avenue, early today. The flesh had been literally parboiled, when the body was taken out. The body was unrecognizable. Two boys are missing from the works. ### BLUECOATS SAVED THEM.

San Francisco, June 27.—The steamer Peru from the Mexican coast brings news of trouble on board the Ching Wo, of the China commercial steamship line which has as its primal purpose the colonization of Mexico with Chinese at Manzanillo. The lives of the captain and the officers were threatened by a mob of 850 angry Chinese and only the presence of soldiers prevented bloodshed. Several Chinese were injured and the leaders of the revolt were placed under arrest.

## ADROIT MOVE BY DEPARTMENT

In Outwitting Promoters of Corner on Silver Saved Government Thirty-eight Thousand Dollars in Collecting Pius Fund.

Washington, June 27.—The state department, through Judge Penfield, the solicitor, by an adroit move has broken, what appeared to be, a corner in the silver market. When the Mexican government recently deposited \$1,423,000 Mexican silver coin in bank of Mexico, subject to the draft of the United States in payment of the Pius award the state department was confronted with the necessity of turning the money into United States cash and depositing it here. For some time silver brokers had been watching the negotiations and when they were applied to, the department was informed that it would cost about \$40,000 United States money to convert the fund and transfer it as desired. This was regarded as an exorbitant charge but no other and better offer was offered. Finally Judge Penfield hit upon the plan of turning this Mexican silverware into Philippine money. Director Roberts of the mint bureau, who has been buying bullion for the Philippines account has been confronted with a strongly rising silver market and something very like a corner in that commodity. He therefore readily accepted Judge Penfield's offer of a big lot of Mexican silver and closed an agreement by which at an expense of less than forty-two hundred dollars, the amount of the Pius award can be placed in the hands of the Catholic church, the beneficiary of the award, and the seventy tons of silver can be transferred to the United States' mints.

## DEPRIVED INFANTRY

Of Decorations Given Officers Because It Took Part in Assassination.

Vienna, June 27.—The King of Roumania, has withdrawn all the Roumanian decorations bestowed on officers of the sixth Serbian infantry, of which regiment he recently assigned the honorary colonelcy. The Serbian war minister will be informed that this action is taken because of King Charles' withdrawal of the decorations of this regiment and Queen Elena, in which the sixth infantry took a leading part.

All Falling In. Belgrade, June 27.—The Kings of Italy and Roumania, President Loubet of France, and Prince Nicholas of Montenegro, have added their congratulations to those already received by King Peter, from other chiefs of state. These telegrams are regarded as constituting official recognition of the new ruler of Serbia.

## COTTON THANKED

Emperor for Cordial Way in Which Squadron Had Been Welcomed.

When Congratulated on His Yacht Winning American Cup William Replied That American Skippers Brought Him Luck--- Dinner on Kearsage.

Kiel, Prussia, June 27.—When Emperor William was congratulated today at the launching of the German armored cruiser, Roon, on his yacht Meteor, winning the American cup, yesterday, he replied: "The American skippers brought me luck. I would not have won if they had not been with me."

The Roon is the eleventh of Germany's armored cruisers. She was christened by Countess Von Waldersee, Rear Admiral Cotton, the captain of the American warships, and the members of the United States embassy were in the Emperor's party. The American squadron saluted the new cruiser. Emperor William and Prince Henry, of Prussia, took breakfast with Admiral Cotton, on board the Kearsage, today. In the party also were the German admirals, ambassador Tower, Chancellor Von Buelow, Admiral Von Tirpitz, imperial secretary of the navy; the principal members of the Emperor's household all the members of the United States embassy, Mr. Meyer, the American ambassador to Italy, all the captains and executive officers of the American warships, and Admiral Cotton's staff, Cornelius Vanderbilt, R. W. Geollet, J. H. Smith, James Lawrence and Edmund Baylies. Admiral Cotton thanked the Emperor for the cordial manner in which the squadron had been received.

Four groups of small yachts in a light air, started today on a race over a fifteen mile course.

### NAVAL RULES

Prevented Emperor From Bestowing Gifts to American Marines.

Kiel, June 27.—During breakfast on Kearsage, Admiral Cotton referred to the large hearted hospitality that had made every hour of the Americans presence in Germany pleasant. Since he had met the emperor, he understood why his subjects were so devoted to him. The feeling of the admiral and his men was that wherever his majesty led, the Germans would follow. The admiral then proposed the health of the emperor. Replying, Emperor William said he hoped, whatever impression the admiral and his officers had, they had been no more than they expected. Eight years had elapsed since the imperial ensign was first flown from an American warship, the New York. He remembered vividly the agreeable incidents of that visit, and now he was to add these to the things that were not to be forgotten. The only thing was that the visits were too far apart. He was convinced that whenever the stars and stripes and the royal standard met, they would together symbolize peace and civilization. The emperor then called for three cheers for the president and people of the United States. At the conclusion of the breakfast, the emperor informed Ambassador Tower that he wished to deliver a medal to each of the three marines who had stood behind his chair.

"Would there be any impropriety, your excellency, in my doing so?" asked the emperor.

"I am sorry to say that our regulations do not permit it," replied Mr. Tower.

"Then said the Emperor, 'I would like to give them watches,' just as souvenirs."

"That, sir," answered the ambassador, "is also impossible. They equally with myself are servants of the country, and could not accept."

"And I cannot even give them a pencil?" continued the emperor.

"No, your majesty," said Mr. Tower.

"Then," said Emperor William, "tell them that I have the disposition to do so."

Admiral Cotton, after the emperor left the ship, told the three marines, in the presence of the officers of the ship, what the emperor said.

The emperor has presented the Kearsage with a silver punch bowl, and cover, about sixteen inches high and more than two feet wide.

Dined With Emperor. Washington, June 27.—Secretary Moody has received the following cablegram from Rear Admiral Cotton, dated Kiel, yesterday:

The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of *Mother's Friend* so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.

## ACTIVE

### Work Is Being Done by the Humane Society.

Officer Peltier Reports That Relief Has Been Furnished to Many Children.

The Humane Society met in the board of education room last night, and heard the report of officer Peltier, who has been active in carrying out the work entrusted to him. In a number of instances relief has been offered for suffering child and beast, and those responsible, brought to feel that there is a law for those who practice cruelty.

The society has grown in membership during the past few months, about fifty cards being issued since the beginning of the year, and the society has money in the treasury to meet the expenses necessary in carrying out the work of humanity.

Since the last quarterly report of officer Peltier, he has looked into several cases of a serious nature, and has been the instrument, which brought relief to eighteen children, eleven of whom have been given good homes. One child was left with its parents on their promise to cease their reported cruelty, and six cases are still being investigated. Relief was furnished the overworked and neglected horse in a number of instances, and several were taken from the harness and sent where they could get the food and rest which had long been denied them. Five prosecutions were conducted by Prophet & Eastman, who are the attorneys for the society.

The next meeting of the board will be held Friday evening, July 31.

## TOO MUCH MEDICINE.

The system continually wrought by over-eating and over-drinking, and the debilitated condition aggravated by dosing with harsh nauseous drugs and medicines.

The excessive and indiscriminate use of medicine, in these days, cannot be too strongly condemned. The food you eat is properly digested, is all the tonic you need.

Only common sense is needed. The food must be digested and the bowels must not be allowed to clog. Preserve your health by preventing these conditions.

Constipation surely leads to indigestion, biliousness, etc., and these conditions when neglected affect the condition of the blood, debilitate the system, rendering it susceptible to more serious ailments, and less able to resist such attacks.

If your stomach has been abused by over-eating, weakened by drugs or laxatives, you will have to stop eating or diet, until you find a remedy that will aid the stomach in its functions and relieve it from being constantly irritated by undigested food.

The purest and simplest remedy for this purpose, are the California Prune Wafers, a natural disolvent made from the pure fresh fruit, a general laxative and sweetener of the stomach—no other medicine is necessary.

When you are Bilious, it is a sign that your Liver is out of order, and the poisonous bile, instead of being excreted from the body through the intestines, is taken up in the blood. As a result of biliousness, the entire system suffers. There are gripping pains in the abdomen, headache, dizziness, constipation, pain in the right side, and nervousness and itchy. Take two or three California Prune Wafers after meals, and in a short time your liver will be performing its proper function, driving the bile from the system. No other medicine is necessary.

**MRS. MARY A. LAUMA**

says, "Dr. Williams' Pink Pills Cured Me of Spinal Trouble and I Recommend Them."

Some years ago Mrs. Mary A. Lauma, of No. 702 east Fayette street, Syracuse, N. Y., wife of A. Lauma, the manufacturing jeweler of that city, sustained an injury to her spine by falling on a slippery sidewalk. Six months later she took to her bed and was an invalid for years. In fact, until she tried Dr. Williams' Pink Pills for Pale People and was cured. She says: "My trouble was a spinal irritation, but the doctors could not determine the exact nature of it. I consulted a number of eminent physicians, perhaps ten or twelve in all, and took treatment from some of them. I tried massage and electricity, the latter affording temporary relief. Perhaps it was because I took so much medicine at any rate my stomach gave out and I was troubled with indigestion and gas on the stomach. I had a peculiarly unpleasant feeling in my head and there was a numbness in my limbs. At this time I seemed a confirmed invalid."

A friend of mine induced me to give Dr. Williams' Pink Pills for Pale People a trial. Of course I knew that nothing was going to cure me in an instant and I tried them faithfully. After taking three boxes I began to feel better and I had taken thirteen boxes altogether when I was cured. I have recommended Dr. Williams' Pink Pills to every ailing person I have met and I am glad to do so."

Dr. Williams' Pink Pills for Pale People are the only eminent spinal tonic and their distinction in this respect is due to their double tonic action, on the blood and on the nerves. The nervous system, like all other parts of the human body, receives its nourishment from the blood. Dr. Williams' Pink Pills cure nervous trouble by supplying directly to the blood the elements required to rebuild the wasted nerve fibre. No other remedy has so remarkable a list of cures to its credit. Even after doctors have failed, these life-giving pills have cured obstinate cases of locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexions and all forms of weakness either in male or female. Dr. Williams' Pink Pills for Pale People are sold by all dealers or will be sent postpaid on receipt of price, fifty cents a box; six boxes for two dollars and a half, by addressing Dr. Williams Medicine Co., Schenectady, N. Y.

Miss Agnes Miller, of Chicago, speaks to young women about dangers of the Menstrual Period—how they can avoid pain, suffering and remove the cause.

"I suffered for six years with dysmenorrhea (painful periods), so much so that I dreaded every month, as I knew it meant three or four days of intense pain. The doctor said this was due to an inflamed condition of the uterine appendages caused by repeated and neglected colds and feet wetting. If young girls only realized how dangerous it is to take cold at this critical time, much suffering would be spared them. Thank God for Lydia E. Pinkham's Vegetable Compound, that was the only medicine which helped me any. Within three weeks after I started to take it I noticed a marked improvement in my general health, and at the time of my next monthly period the pain had diminished considerably. I kept up the treatment and was cured a month later. I am like another person since I am in perfect health."—Miss AGNES MILLER, 25 Potomac Ave., Chicago, Ill. —\$5000 forfeit if original of above letter proving genuine cannot be produced.

**BOUND OVER****Samuel Jones Must Answer to Grand Jury.****Second Street Neighborhood Row Will Be Given an Airing July 8th.**

Mayor's court was one of the busiest places in Lima yesterday afternoon, so far as preliminaries were concerned, but in the aggregate results there was very little accomplished. The first case taken up after the dinner hour was that of Samuel Jones, a veteran blacksmith, residing in Solarville, who was charged with assault and battery, Clara Pierce being the complainant. The case was given a hearing and at the close the mayor bound the defendant, over to the grand jury. Jones furnished bail in the sum of \$50, and was released.

The neighborhood quarrel on Second street, which took form a few days ago in the filing of affidavits against Irwin Bowers and his wife, Minnie M. Bowers, was next on the list for an airing, but all of the parties interested were not yet ready for the scene and the cases were continued to July 8. A motion filed by Attorney J. W. Kilgore to dismiss the case against Mrs. Bowers was overruled.

**CAPT. HUGHES.****Co. K. Place Popular Soldier in Command.**

Company K has elected another captain, and the boys are to be congratulated on their choice. Attorney Kent Hughes has been induced to take charge of the company, and as he has had the experience which makes a good soldier, a decided improvement is sure to follow his command. Co. K is made up of splendid material and Capt. Hughes' popularity is such as to prompt his men to give him the help necessary to a betterment of conditions.

**No Life, No Energy No Ambition.**

These are common expressions, nowadays and the finger points that point with unfailing accuracy to a nervous system robbed of its vitality by over-exertion, overstrain or excess of some kind. That anyone should allow this condition to go on to complete mental, physical or sexual ruin is as surely must if neglected, is a positive crime when the cure is at hand in Dr. A. W. Chase's Nerve Pills—a medicine designed expressly for this condition—a medicine that cures to stay cured by resupplying the very essential of life—Nerve Force.

Mrs. J. L. Hanson, of No. 453 north Elizabeth street, Lima, Ohio, says: "As a good general tonic to nerves and system—one that rebuilds, gives life, energy and ambition, strength and steadiness to the nerves as well as gives restful sleep we can recommend Dr. A. W. Chase's Nerve Pills we got at Melville's Drug Store. We found they had all of these properties and like them very much." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. **RESOLUTIONS OF RESPECT.**

To the officers and members of Solar Lodge No. 783, I. O. O. F.

We, your committee appointed to draft resolutions upon the death of Brother Daniel Shappel, offer the following:

Whereas, our worthy brother Daniel Shappel, a worthy brother of Solar Lodge No. 783, I. O. O. F., has been called from our midst, and as the grass falleth before the mower's scythe, and the flowers of the field must wither and fade beneath the touch of time, it is just and right that a fitting tribute to his many kind deeds be made known. Therefore, be it

Resolved; that in this wise dispensation we lose a devoted brother, a warm and lasting friend and a genial companion. His noble virtues not only endeared him to our lodge but to all who knew him.

Resolved; that Solar Lodge tender their heartfelt sympathy to his beloved family in this their great sorrow, and commend them to Him, who doeth all things well. Therefore be it

Resolved; that our charter be draped in mourning for a period of thirty days; that the resolutions be spread on the records of our lodge and a copy of the same, under the seal of the lodge, be sent to the family and to each of the daily papers.

## FORCED TO DO IT.

President Roosevelt has taken a de-  
cided stand in favor of the uncovering  
of the postoffice frauds and the pun-  
ishment of those participating in  
them. For this he is, of course, to be  
commended by all good citizens, re-  
gardless of their party affiliations.  
Some three or four months ago when  
Mr. Tulloch gave out the general out-  
line of the scandals now so promi-  
nently before the public eye, he was in-  
continently punched in the nose by  
those above him and advised to retire  
far to the rear, take a seat and ex-  
ercise the virtue of silence, failing  
which he would be dealt with becom-  
ingly.

But Mr. Tulloch was persistent and  
insisted and Fourth Assistant Post-  
master General Bristow had eyes  
strong enough to recognize a scandal  
when he saw it, and paid attention to  
Tulloch's revelations and advised the  
postmaster general in an official re-  
port that the historic rottenness that  
once prevailed in Denmark was an in-  
significant thing compared with that  
which was fermenting in the postoffice  
department.

This report was not given out to  
the public. In lieu thereof the letters  
of a number of the parties directly or  
indirectly implicated, denying the  
charges in toto, were given out by  
General Payne, along with his own  
personal statement that there was lit-  
tle substance to the charges other  
than a few trifling irregularities which  
were practically unavoidable in a  
great institution like the postoffice de-  
partment.

In the meantime Messrs. Bristow  
and Tulloch continued to sink test  
wells in all directions. And they  
were not wildcatting either. Every-  
where they struck a pocket or a pool  
of corruption and then Mr. Payne gave  
Mr. Bristow's belated report to the public.

There is no disposition to unjustly  
accuse Mr. Payne with trying to  
smother the scandal and stifle investi-  
gation. But he may rest assured that  
were he a Democratic postmaster gen-  
eral in a Democratic administration,  
that would have been the first count  
in the indictment, and a special grand  
jury would long since have been de-  
manded to return it.

Somebody Responsible.  
Without accusing the postmaster  
general, in this regard, it may be said

with safety and propriety that some  
one or probably more than one, was  
interested in covering up the facts.  
The trouble seems to have been that  
there were not enough political tar-  
paulins in stock to finish the job. The  
effluvia was too great to be neutralized  
even by the burning of lightwood  
knots.

The looting was not done upon a  
sudden impulse. It was of slow and  
deliberate and apparently premeditated  
growth, as shown by the many  
forms it assumed, each of which seemed  
to be the outgrowth of another.

They run through the entire gamut  
of perjury, subornation, bribery, lar-  
ceny and false pretense. Every level  
was industriously worked by high offi-  
cials, low officials, and even charwom-  
en, who in real life were more or  
less prominent leaders of society.  
Just think, if you can, of a queen of  
the drawing room on the payroll of  
the department as a charwoman! Im-  
agine, for the sake of the sensation,  
same school of aristocracy hired as a  
day laborer at \$1,000 a year with \$2.75  
a day for expenses! And in neither  
case did they have to work at all.  
Their sole duties were to draw their  
salaries, pose to the milliner and the  
dressmaker, the tailor and the out-  
fitter, and shine resplendently in  
grand receptions.

It is not to be wondered at that the  
postoffice inspectors were kindly ad-  
vised to make no report concerning  
these official wall flowers, lest some-  
body's feelings might be hurt.  
It is a popular belief that the public  
should look to the state department  
for brains and to the postoffice de-  
partment for honesty. The latter now has  
the center of the stage.—W. A. Taylor  
in Columbus Citizen.

## VERSATILE MARK.

What a vaudeville performer Sen-  
ator Hanna would make. Wonderful  
versatility is his. To preside over a  
republican state convention one day,  
and the next take prominence ahead  
of Commander Booth Tucker in the  
dedication of a Salvation Army citi-  
del, is proof positive of rare political  
genius. Indeed, it would not be  
strange were he next week to stand  
before the public as chairman of a  
bankers' convocation, or ship-building-  
subsidy-trust meeting, and the week  
following do a stunt at a brewers  
plene. There is nothing like arbitra-  
tion.

We Americans sometimes get weary  
with the way affairs go, but after read-  
ing today's foreign telegraphic news,  
we should offer up thanks that we  
are not Servians, Bulgarians, Turks,  
or subjects of Mad Mullah.

## CANNON BALL

On Norfolk and Western Was Also  
Wrecked This Morning.

Richmond, Va., June 27.—The "Can-  
non Ball" train, on the Norfolk and  
Western railroad, which left here this  
morning for Norfolk, collided near  
Petersburg with a freight standing on  
the track. The engineer and fireman  
of the passenger train, were killed;  
conductors arm was broken and the  
passengers badly shaken up.

## BOY HAD ANSWER.

A Duluth attorney recently went  
East to visit his old home, and the first  
Sunday he was there he attended church.  
After service he visited the  
Sunday-school and saw many familiar  
faces among the pupils, although they  
had all grown considerably during the  
years he had been away.

At the request of the superintendent  
the visitor addressed the school, and,  
in opening, he asked if there were any  
present who remembered him—who had  
ever seen him before.

The hand of a little fellow in the  
front row immediately went up. "I  
do! I do," he said.

A satisfied smile crept over the face  
of the visitor. He was glad that the  
children remembered him.

"Now, where was it you saw me be-  
fore?" he asked the boy who had  
raised his hand.

"You was a clown in the circus last  
summer!" replied the youth, enthusias-  
tically. "I'd never forget your face!"  
From the Duluth News-Tribune.

## A Local Opportunity.

Ha—Look, look! I think that man  
out in the breakers is drowning!  
She—Oh, heavens! and I have left  
my camera at home!—Judge.

## RED CROSS

Circles Very Active During  
the Past Week.

That business and social affairs in  
Red Cross circles have been on the  
move during the past week. It is but  
necessary to peruse the following re-  
sumé of its itinerary:

First: The practicing of the degree  
team, in which all members of the  
team were highly elated, and which  
bids fair to become one of the impor-  
tant features of the organization in  
Lima.

Second event: A large number of  
the officers, members and their  
friends, of the Independent Com-  
mandery No. 19 met with Mr. and  
Mrs. E. Meekstroth, No. 346 west  
Kubby street, in honor of Mr. Meek-  
stroth's and his daughter's birthday,  
aged respectively, 33 and 11 years.  
The members and friends present  
were: Mr. and Mrs. Cleveland, Mr.  
and Mrs. Charles Smith, Mr. and Mrs.  
Ezekiel Davis, Mr. and Mrs. Kelly  
Hardesty, Mr. and Mrs. Fred Sporn-  
hauer, Mr. and Mrs. Wilson Burden,  
Miss Luella E. King, Mrs. Maud M.  
Speice, Miss Stella Spornhauer, Mr. F.  
Hamilton, Miss Ethel Cleveland, Mr.  
Lewis Garhity, Miss Grace Sherman,  
Miss Nellie Watkins, Miss Lillie Hal-  
ey, Miss Ethel Smith, Miss Mattie Mc-  
Pherson, Miss Grace Haddock, Mr. Les-  
ter Smith, Mr. Robert Halcy, Mr.  
Stewart Smith, Miss Gale Spees, Miss  
Lottie Springer, Miss Madeline Smith.

Many valuable presents were  
given them, after which ice cream and  
cake was served, and the members  
and friends returned to their homes,  
feeling that they had enjoyed a pleas-  
ant evening.

Last evening there was a reception  
given by the members of the O. R. C.  
and friends at Mr. and Mrs. Cleveland's,  
on Ontario street, in honor of Mr. T.  
M. Kneeland, of Toledo, Ohio, who is  
here in the interest of the order. Mr.  
Kneeland will return to Toledo, July  
1st. His visit in Lima has been a  
pleasant and enjoyable one, and of  
much value to the O. R. C. One of  
the main features of the evening was  
the display of a large, handsomely de-  
corated emblem of the order in the  
shape of a cross with the letters O. R.  
C. nicely decorated with cut flowers.  
Many honors are due Miss Cleveland  
and Mr. Garhity for their work as  
artists. Mr. Kneeland was present-  
ed with many presents, one of which  
was a nicely bound morocco card  
case, presented by brother Lewis E.  
Meekstroth and brother Fred Ham-  
ilton. The present was received with  
many thanks. Supper was then served,  
and all had a good word for the  
O. R. C.

## PRICE REAFFIRMED.

Pittsburg, Pa., June 27.—The As-  
sociated Manufacturers of steel bars,  
in session here, unanimously re-affirm-  
ed the present price of \$1.60 per 100  
pounds for Bessemer steel bars, f. o.  
b. Pittsburg. The manufacturers' re-  
ported orders plentiful, and trade con-  
ditions good.

## THE MARKETS.

## Some Better.

New York, June 27.—Stock prices  
improved slowly on a limited demand.  
St. Paul second preferred, Amalgamated  
and American Car rose 1 and 1-4  
and other leaders were fractionally  
above the opening prices. A few  
losses were scored including 3 in  
Lackawanna 1-4 in free preferred and  
1 in Metropolitan Street Railway and  
Toledo, St. Louis and Western. There  
were fractional reactions before 11  
o'clock.

It is said the failure is not impor-  
tant.

## Pennsylvania Up a Little.

New York, June 27.—Pennsylvania  
opened 7-8 higher than last night, and  
then reacted 3-4. B. and O. and Mis-  
souri Pacific rose 5-8. Small fractional  
gains were shown elsewhere. But  
few stocks were traded in at all and  
those only in small blocks.

## Money Market Easy.

New York June 27.—The week's  
stock market has been extremely ap-  
athetic and has moved but slightly in  
either direction. Speculation main-  
tains a waiting attitude. The pass-  
ing of the July 1st money require-  
ments and the payment of subscrip-  
tions for new Pennsylvania stock will,  
it is hoped, clear the money situation,  
although the money market has been  
easy. Unfavorable crop reports, large  
gold exports and a desire to see the  
future consumptive requirements for  
iron and steel products more clearly  
defined have tended to depress prices.  
The market has shown good resistance  
to depression, but demand for  
stocks is at a minimum.

Work in Disposing of  
Cases.

Summer Term Is Drawing to  
a Close

But the Jury Is Not Dismissed and  
There Are a Score of Divorce  
Cases Awaiting a Final  
Settlement.

The common pleas court term is  
drawing to a close and the close of the  
present month will see the wind up  
of the cases which have been brought  
to an issue. It has been quiet in a  
sense, but while there has been but a  
little demonstrated, it needs but a  
glance at the docket to convince the  
public and the members of the bar  
that a big majority of the cases have  
been disposed of. Between now and the  
departure of Judge Cunningham for  
the "land of the canucks," there will  
be one or two jury cases and the dis-  
posal of a portion, at least, of twenty-  
eight divorce cases which are still  
pending.

Judge Hubbard Present.  
Judge Hubbard, of Defiance, arriv-  
ed this morning, and filed five journal  
entries in the Ohio Southern cases.  
The decisions are not of particular lo-  
cal interest, as there is nothing of  
news so long as there is no controver-  
sy in which those who hoped to gain  
are disposed of. Judge Hubbard was  
seen at the Norval hotel by a repre-  
sentative of the Times-Democrat, and  
made the statement that his decisions  
were in favor of the first mortgage  
bond holders, as against those who  
claimed to have had a lien on the  
property after the first mortgaged in-  
debtedness.

## APARTMENT

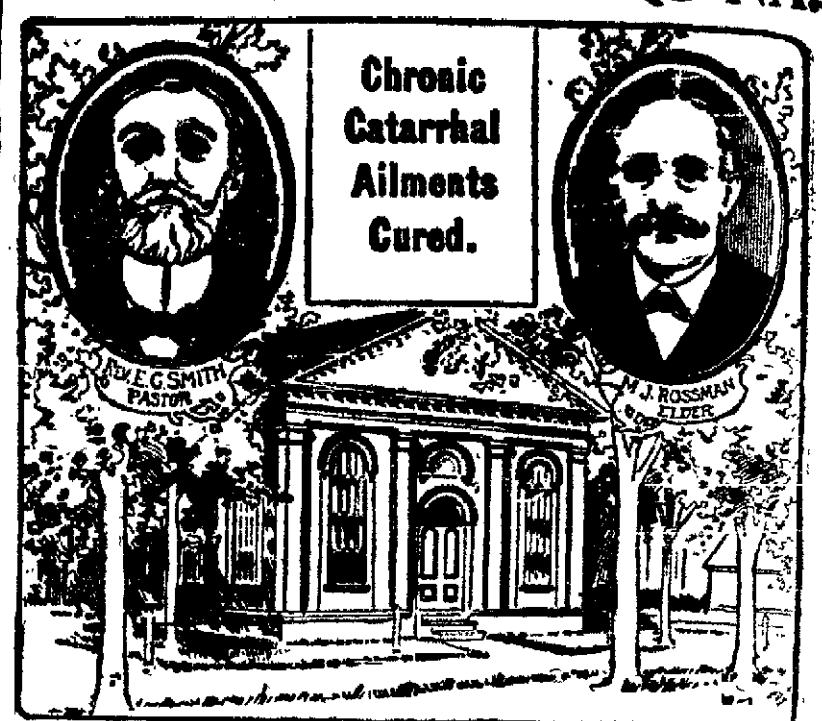

Of Anarchist Raided by  
Paris Police.

Art Treasures and Pictures Valued  
at \$200,000 Were Seized—  
He Escaped.

Paris, June 27.—The police last night  
raided the apartments of Parmeggiani  
a well known anarchist, who returned  
here after having been expelled from  
France. Parmeggiani escaped by the  
roof, but the police seized art treas-  
ures, pictures, etc., valued at over \$200-  
000. The authorities believe the prop-  
erty to be the proceeds of robberies  
committed by international thieves.

PRESBYTERIAN PASTOR  
PRAISES PE-RU-NA.

First Presbyterian Church of Greensboro, Ga., and Its Pastor and Elder.

THE day was when men of promi-  
nence hesitated to give their testi-  
monials to proprietary medicines for  
publication. This remains true today  
of most proprietary medicines. But  
Peruna has become so justly famous, its  
merits are known to so many people of  
high and low stations, that no one hesi-  
tates to see his name in print recom-  
mending Peruna.

The highest men in our nation have  
given Peruna a strong endorsement.  
Men representing all classes and sta-  
tions are equally represented.  
A dignified representative of the Pres-  
byterian church in the person of Rev.  
E. G. Smith does not hesitate to state  
publicly that he has used Peruna in his  
family and found it cured when other  
remedies failed. In this statement the  
Rev. Smith is supported by an elder in  
his church.

Rev. E. G. Smith, pastor of the Presby-  
terian church of Greensboro, Ga., writes:  
"Having used Peruna in my family  
for some time it gives me pleasure to  
testify to its true worth.  
"My little boy seven years of age had  
been suffering for some time with cat-  
arrh of the lower bowels. Other reme-  
dies had failed, but after taking two  
bottles of Peruna the trouble almost en-  
tirely disappeared. For this special

the Detroit Southern Company.

as County's Capital City to Become a Main Line Terminal

It is Said That the Line From under to Detroit Will Only be a Branch Division—News of the Railroads.

In addition of another steam rail to Toledo's magnificent shipping business is now definitely assured, the Toledo Times. The railroad, with operation early next winter, is the Detroit Southern, although the corporate title of the Toledo extension will be the Toledo & Hamler railway.

Extension of the Detroit Southern into this city means that Toledo be the chief lake terminus of a carrying road 385 miles long, passing sixteen counties in Ohio, and the rich Jackson coal district touching a dozen prosperous

Detroit Southern railway extension from Detroit, Mich., to Jackson, a distance of 350 miles. The extension will add 35 miles to the existing line. This road in the old Lima Northern property which it absorbed, and is a coal connecting Ohio river territory, the lakes, Toledo being the principal lake terminus of the line. President Hunt's desire to Toledo the principal lake terminus of the line.

Toledo on Main Line. The towns reached by the Detroit Southern in Ohio are Lyons, Michigan state line; Wauseon, Ohio; Ottawa, Lima, Springfield, Marion Court House and Jackson. Detroit Southern's plans provide extension from the main line into Henry county, Ohio to Toledo. This extension will not be a branch but will form part of the main line and the present Toledo and Hamler, but will become a branch, passing the Wolverine metropolis under sidetrack.

After Much Property. January last the Detroit Southern had options here on land for yards, warehouses, freight sheds and other buildings. The extension of the options the property covered was known to the Toledo Times, but withheld by the project had not at that time been financed and publication have been premature and involved with the road's plans. The Toledo Times paid frequent visits to the Toledo Times, but withheld by the project had not at that time been financed and publication have been premature and involved with the road's plans.

Options were again taken out on properties were purchased. The Toledo Times paid frequent visits to the Toledo Times, but withheld by the project had not at that time been financed and publication have been premature and involved with the road's plans.

road absorbed by the Detroit Southern.

A Subsidiary Road.

The Toledo and Springfield railway will appear as an independent project at the outset, but in reality is a subsidiary company and a creation of the Hunt interests in the Detroit Southern road.

The D. S. has acquired other property in Toledo, but its location will not be made known for some little time.

Recently the Detroit Southern made a ten million dollar increase in its capital stock. Some of this money is to be used on main line development. But the T. & S. railway will be handled separately for a time.

The plans will soon mature and at present contemplate the erection of a freight depot and extensive coal and ore docks including all modern equipment for loading and unloading vessels.

New Agent for the Erie.

The Huntington, Ind., papers make the announcement that Walter Morrison, at present passenger agent for the Cincinnati division of the Erie, is to become general agent for the road in Lima. Mr. Simpson, who has been in charge since the resignation of Mr. McCoy, has made himself popular with Lima, and it is safe to say that he will not lose anything because of the change, as the company has had every reason to appreciate his services.

Mr. Morrison, the new agent, is not a stranger in Lima, as his duties as traveling passenger agent brought him to the city frequently. Lima is one of the most important points on the line, and the position of general agent is an advance both in rank and salary.

Mr. Morrison reported in Lima yesterday and at once assumed his duties.

To Have Charge of Excursions.

John H. McCord, traveling passenger agent of the C. H. & D., with headquarters in this city, has gone to Cincinnati, where he will spend some time in getting out the advertising and working up the Niagara Falls excursion to be run over the C. H. & D. during this summer. The road will have two the first one starting August 11, and the other one August 18. Mr. McCord has a reputation all over the country as an excursion agent, and therefore it may be taken as a foregone conclusion that the two excursions to the Falls will be big successes.

New L. E. & W. Officials.

Cleveland, O., June 27.—An official circular issued by the Lake Shore Railway company announces that W. H. Marshall has been appointed general manager of the Lake Shore the Indiana, Illinois and Iowa the Lake Erie and Western and the Lake Erie, Alliance and Wheeling roads.

Beginning next Monday the Western Ohio will run cars between Piqua and Wapakoneta every hour instead of every two hours as now. When the road was opened the officials stated that they would do this just as soon as the travel justified it, and the new schedule Monday is the direct result of the increased traffic.

As a Duster Is Well No. 7, Metzger Farm.

Okeniva Co., Has Another Good One

On the G. W. Young Farm in Jackson Township, Allen County.

Tail Hauling in Sugar Creek Township in an Effort to Extend Producing Lines Through Circle of Dusters.

The following field report for this county will be found accurate and impartial:

The Okeniva Oil Co. has another good well finished on the G. W. Young farm, in Jackson township, south of Beaverdam. This is the 6th well on this property, and it started at 75 barrels.

The Ohio and Indiana Oil Co., has another 75 barrel well on the S. Fackler farm, in section 28, Richland, northeast of Beaverdam.

The New York & Lima Oil Co.'s No. 5, on the S. C. Hausenstein farm, north of Beaverdam, started at 25 barrels.

The Ohio Oil company's No. 5, Gratz heirs, northeast of Beaver Dam, along the Lake Erie road, was a small producer, making 15 barrels the first day.

Marion township has been one of the most lively portions of the county during the last month, and the wells are averaging very good. The Ohio Oil Co. has a 25 barrel in No. 4, J. P. Barnt, just west of Elida, and its first well on the J. C. Ford farm, four miles farther west, was good for 25 barrels.

have very good luck with No. 7, on the Joseph Metzger farm, in section 11 Marion, northwest of the Camel Back schoolhouse. The well is rated a duster.

The Ohio's No. 9, on the W. H. Elmer farm, southwest of Scott's Crossing, was a 20 barrel well.

They are doing some tail hauling in the Sugar Creek end of the field, and despite the semi-circle of dusters which adorns the territory to the north of the old field, some efforts are being made to extend the producing lines.

The Elgin Natural Gas & Oil Co., finished up two wells this week, one on the R. M. Price farm, and the other on the Elmer Pifer, three miles northeast of Elida. The Price was good for about 8 barrels, and the Pifer is rated a 10 barrel well.

Pennell Bros., 6th well on the I. Metzger farm, in section 3, of Sugar Creek, was not so good as some formerly drilled there, but it made 38 barrels the first day.

Southward, in German township, the Emery Oil Co. has a 30 barrel well in No. 4, on the A. Miller farm. It is 3 miles directly east of Elida.

Over near Spencerville, H. S. Smith drilled in his No. 10, on the J. A. Keeth farm, on the northeast side of town, and it is good for about 20 barrels.

The Keokee Oil Co.'s fourth venture on the Jesse Coll property, southwest of Kill station a mile, was a very light well, making but 3 barrels in 24 hours, after it was shot.

West of Kossuth four miles, in section 28, of Logan township, Auglaize county, the Chicago and Ohio Oil Co., completed a test well on the Henry Alsbaugh farm, but it is not doing very much, starting at 8 barrels in 24 hours.

The William Lowery Oil Co. has a fair producer in its test on the Wm. Armstrong farm, in the northeast corner of Salem township. It is credited with producing 25 barrels the first day.

The well drilled by the Steinbaugh brothers on their own farm northeast of Wapakoneta, has been shot, and they intend to rig it up for pumping. It was considered dry before the shot, but the owners claim that it has filled up 500 feet, and they expect to make a small well out of it.

Big Gas Strike Reported.

Norwalk, O., June 27.—The Persimmon Oil and Gas Co., of this city, has struck an immense flow of gas on the farm of John H. Crawford, near Paris, a village about six miles southwest of Norwalk. The flow was struck at the

depth of 418 feet, and shoots a flame forty feet into the air. The company has two other gas wells in the same locality with a rock pressure of 125 pounds each.

## Resented Alleged Offense to His Wife and Spends an Hour in Prison.

New York, June 27.—Because he punished a couple of men, who insulted his wife, and afterward attacked him, James S. Van Barrett, of St. Louis, has passed an hour in a tenderloin police station. Mr. and Mrs. Barrett had visited Madison Square Garden, with Mr. and Mrs. Walters, also of St. Louis, and were just about to enter a hotel at Broadway and 32nd street when they alleged, a man describing himself as Richard Collins, an architect, made an insulting gesture toward Mrs. Barrett. The ladies were walking six feet in front of their husbands. Barrett stepped forward and pulled down the man's hand, saying that if he did anything like that again, he would get knocked down. With Collins, was a waiter. As Barrett passed on the latter struck him on the back of his head. Barrett turned swiftly, and landed a terrific blow between his assailant's eyes. The man dropped like a log. Collins took a hand and also was felled. A crowd gathered, and two detectives who hurried up found Lapointe, the waiter unconscious with blood oozing from his mouth and ears, and Collins' much dazed. Lapointe was taken to a hospital and Collins, with Barrett and his friends, were taken to the station. The sergeant ordered Barrett locked up, but latter when informed that Lapointe had recovered consciousness, ordered his release.

## Left to Sign Coaling Station Treaty.

Cuban Congress Will Adjourn July 4, and Failure Would Cause Fresh Action.

Washington, June 27.—Advices received at the state department by cable from Minister Squires at Havana indicate that but one week's time remains for action upon the Cuban coaling station treaty as a resolution has been introduced for adjournment of congress on July 4. Mr. Squires makes no mention of the treaty in his message but the officials here feel confident that it will be approved. The chief risk is believed to be that of amendment which would involve fresh action by the United States senate and Minister Squires is directing his efforts to prevent such an amendment.

Any skin disease completely eradicated. A sufferer literally covered in cleared off and permanently cured in 45 days' time—a new skin practically grown—no pain—no itching during the cure.

# WE VOUCH FOR THIS

The picture of Mr. Chas. Jacobs, of Richmond, Ky., presented here shows the condition of his skin after he had been entirely cleared from Psoriasis, a form of Eczema considered absolutely incurable by the medical profession. We have at our store, the photographs of Mr. Jacobs showing the awful condition of his skin before he began treatment with the D. D. D. Remedy. This gentleman had been a sufferer for many years from this most stubborn of all skin diseases, and had been pronounced as incurable by the best specialists in the country. The actual work of the camera now on display at our store shows conclusively what the D. D. D. Remedy does to all diseases of the skin and scalp.

This result can be accomplished with any skin affection. Barrels of blood-medicine can do nothing for a skin disease. Nine out of ten manifestations in the skin are local, parasitic in nature and absolutely curable by this new prescription. D. D. D. is a clean liquid prescription sopped or atomized over the affected spots twice daily.

This preparation has our unqualified endorsement. We are recommending it with most excellent results. The cures already effected are having wide-spread influence in this section. If you have a skin affection—come to the store. It will be the means of making you a happier human being.

Flowers are Blooming in California

It's a little hard to realize that right now, while we are burning up our coal pile trying to keep warm, the flowers are blooming and the fruits are ripening and the birds are singing in California. Why not go out there for a few weeks? The trip is very inexpensive—a double berth in our modern tourist sleeping car Chicago to Los Angeles only costs \$5.00. Our "Porkedly Conducted" parties leave Chicago and St. Louis every week-end about noon. Write me for particulars TO-DAY. There is no more comfortable, interesting and inexpensive way of going to the Coast.

## His Last Hope Realized.

(From the Sentinel, Gebo, Mont.)  
In the first opening of Oklahoma to  
settlers in 1889, the editor of this  
paper was among the many seekers  
after fortune who made the big race  
one fine day in April. During his  
traveling about and afterwards his  
camping upon his claim, he encoun-  
tered much bad water, which, together  
with the severe heat, gave him a very  
severe diarrhoea which it seemed al-  
most impossible to check, and along in  
June the case became so bad he ex-  
pected to die. One day one of his  
neighbors brought him one small bot-  
tle of Chamberlain's Colic, Cholera  
and Diarrhoea Remedy as a last hope.  
A big dose was given him while he  
was rolling about on the ground in  
great agony, and in a few minutes  
the dose was repeated. The good ef-  
fect of the medicine was soon noticed  
and within an hour the patient was  
taking his first sound sleep for a fort-  
night. That one little bottle worked  
a complete cure, and he cannot help  
but feel grateful. The season for  
bowel disorders being at hand sug-  
gests this item. For sale by Wm. M.  
Melville, old postoffice corner.

**YOUNG WIFEHOOD**  
Boston, Mass., 152 Shawmut Ave., Oct. 25, 1902.  
After I had been married about four months I felt my  
health generally decline. I seemed to lose the light step  
and dragged wearily along instead. My appetite failed me  
and I lost health and strength. I was nervous and had  
shooting pains through my limbs and stomach, which bear-  
ing down pains and constant headaches added to my misery.  
The menstrual flow became more and more profuse and I  
was unfit to attend to my daily duties. My husband called  
in three different physicians and I took enough medicine to  
kill or cure a dozen women, but it all had no effect on me whatever, until I  
took Wine of Cardui. In a few days I felt a change for the better, my gen-  
eral health improved and at the next time of my periods my flow was more  
natural and I was in less pain. Gradually I recovered my health and strength  
and am now in perfect health. I take an occasional dose of Wine of Cardui  
which keeps me well.  
I am happy to give  
you this endorsement.  
*Betty Ricker*  
President, Back Bay Woman's Club.

Why don't you try for the same health Mrs. Ricker has? It is easy to  
secure if you take Wine of Cardui according to directions. Wine of Cardui  
strengthens weak and worn-out women of any age and assists the mother and  
housewife to bear her exacting duties. Wine of Cardui makes women fit  
for all the duties of womanhood, cures falling of the womb,  
leucorrhoea, ovarian troubles, and has been known to remove what phy-  
sicians considered dangerous tumors. Women who use Wine of Cardui  
do not suffer at the monthly periods. They do not suffer hysterical attacks,  
because Wine of Cardui gives them strong nerves freed from the irritation  
of female suffering.  
A \$1.00 bottle of Wine of Cardui purchased from your druggist  
will keep you free from pain.

# FIFTY

Years Have Slipped  
Slowly By

And the Social

Pleasures of the Order  
Have Been Many.

Another Enjoyable Evening  
Makes History for Lima  
Encamp. I. O. O. F.,

And Twelve More Have Taken the  
Royal Purple Degree—Bluffton  
Team Congratulated for  
Splendid Work.

Lima Encampment, I. O. O. F., has  
been in existence just half a century,  
having been instituted in April, 1854,  
and during that long period, the order  
has had some enjoyable social occa-  
sions, but none more so than the event  
of Thursday evening.

The Royal Purple Degree was re-  
ceived by 12 candidates, and there  
were more than 200 present, a com-  
plete list being given below. It fell  
to the Bluffton team to do the work,  
and the excellence of it is heard where-  
ver you find an Odd Fellow, who wit-  
nessed it. The team arrived early in  
the afternoon, and were served with  
supper, at the Hoffman house. The  
exercises began at the hall at 6:30,  
and the following were ceremoniously  
conducted through the mysteries of  
the Royal Purple Degree: A. Bennett,  
C. S. Mowery, H. E. Lewis, C. Seiders,  
F. M. Harriot, N. S. Sherrick, C. W.  
Coom, M. H. Thomas, Wm. Klingler, J.  
M. Weaver, Wm. Keve and Walter B.  
Riche.

It was close to an all night session,  
and the banquet which was served at  
the conclusion of the work, kept the  
good fellowship alive until after 2 a.  
m. The local order is splendidly equip-  
ped and carefully officered those in  
charge at present being as follows:

C. A. Graham, chief patriarch; S. O.  
Morris, senior warden; H. R. Bassler,  
junior warden; W. F. Dobbins, re-  
cording scribe; Leonard Walther,

Harry Frye first guard of tent; J. F.  
Brenneman, second guard of tent;  
Jeff Moore, guide; J. W. Schuab,

There were few members of the or-  
der in Lima who failed to attend, and  
there numbers were increased by  
many visitors from neighboring towns,

# TWO YEARS OF UNCERTAINTY

But It Results in Clem Dickman Going  
to the Penitentiary.

Supreme Court Sustains Judge Armstrong and  
the Jury Who Found That the Slayer of  
Jack Carroll Deserved Punishment.

Clem Dickman must answer for the  
crime which the laws of the state of  
Ohio decreed he was guilty of two  
years ago. After a long and tedious  
fight through the channels of the  
court, the highest body in the state  
now holds that Dickman is guilty of  
manslaughter and he has a five year  
term to serve in the penitentiary.

The history of the case takes it  
back to the killing of Jack Carroll in  
front of the Elk cafe early in June,  
1901. A controversy arose between  
Carroll and Dickman, as to the em-  
ployment and salaries each were en-  
joying, and the argument developed  
into a quarrel and fight with fatal  
consequences.

Carroll had left the place after a  
discussion of some length and was  
some distance away from the entrance  
of the saloon when he hurled a chal-  
enge which Dickman promptly  
answered. The latter was quick to  
take up the threat and Carroll as  
quickly returned. There was a short  
struggle, a vicious stab, and Carroll  
straggled away wounded to the  
death. The short bladed knife in the  
hand of Dickman reached his oppo-  
nent's heart and Carroll died at the  
hospital.

Then began a long drawn out legal  
controversy, Dickman's brother and  
the family coming to his rescue, but  
Judge Armstrong, who presided, was  
finally called upon to deliver a sen-  
tence based upon a verdict of man-  
slaughter. Dickman was sentenced to  
five years in the penitentiary, but im-  
mediately gave bond in the sum of  
\$1,500 and the case was taken by his  
attorneys, Ridenour & Halfhill, to the  
circuit court. It was only a few  
weeks after before the lower court  
was affirmed in the finding, and then  
an appeal to the supreme court left  
the case open for a final decision.  
Nearly two years have elapsed since,  
but Dickman remained free, so long as  
the bond held good and it was not  
until that he had to acknowledge  
the inevitable and place himself in  
the hands of the sheriff for transpor-  
tation to Columbus.

Dickman heard the decision of the  
supreme court from his attorneys and  
immediately thereafter presented him-  
self at the court house, with the re-  
mark that "he was up against it."

Deputy Sheriff Summers accom-  
panied him down town to settle some  
business affairs and Dickman was  
then taken back to jail to await his  
removal to the penitentiary, which  
will be early next week.

Dickman's crime was committed  
during the administration of Sheriff  
Bogart, and it is likely to take several  
days to fix up the papers which will  
make the prisoner's transportation  
legal.

Since the death of Carroll, Dickman,  
who has born the reputation of a  
scrapper and a man of vicious charac-  
ter, has been quiet and inoffensive  
and it is possible that his recent good  
behavior will stand him in need  
should it come to the question of a  
parole or pardon.

The Bankers still stand as the on-  
defeated champions. After having put  
the Buckeye boys out of the business  
as ball players, they got together and  
handed a picked team from the Me-  
ropolitan block a decided defeat yes-  
terday by the score of 13 to 9. If  
there is an aggregation in the city  
capable of defeating that bunch of  
"barkers," it is time to issue a chal-  
lenge as the season is not going to  
last forever.
